1983-1984

The first day of school has always been more confusing than we felt necessary. Schedules had to be changed (who has one that didn't?); reasons varied from rooms and teachers that didn't match subjects to students having seven classes second semester. Long lines formed from the principal's office and the wait began.

Fall sportsmen were taking advantage of the warm weather when school started, getting in last minute practice; and playing hard during fall baseball, before winter set in. Basketball players had been preparing for their season since last summer. We all hoped it would be a winning season.

Some of us eased into the school year very quickly, others took a little longer to get the hang of things.

Cars buzzed all over town as "running around" again became a great weeknight and weekend pastime. We all had become accustomed to school, just sitting and talking with friends. All the confusion of the first few days were gone, until next year at least. We were beginning to get the general idea.

Getting curriculum wise took on many aspects. In a comprehensive high school such as Arnett getting an education becomes much more than just acquiring "book learning." Many facets of the curriculum prepared students for business, and commercial, and technical occupations, as well as for admission to higher education. The point is to meet and cultivate individual needs and talents so that each one will enjoy fulfillment in the direction of his choice.

One of the most thought consuming things in the life of a teenager is dating. Whether the boy asks the girl or the girl asks the boy is nowadays of no significance. Movies and concerts are only some ways for couples to enjoy themselves.

Dating does not consist of always spending money. Staying at home or going for a walk in the park can also be enjoyable. Sometimes the time is right to enter into competition, over cards, or sports. But just being with each other, no matter where the place, is the most cherished moment. So in opening the 1983-1984 school year everyone in his own way set out to make it the best year ever.

Entertainers

Shane Hicks — Vocalist

Shelly Smith — Vocalist

Jyl Martin — Vocalist

The 1983-84 Annual Homecoming ceremonies were held December 2, 1983.

There were five people providing the entertainment this year.

Shane Hicks sang "Baby, What About You," by Crystal Gayle; Shelly Smith sang "Oh No," by the Commodores; Jyl Martin sang "How Am I Supposed to Live Without You," by Laura Branigan; and Kris Hicks and David White sang the theme of the Coronation, "Up Where We Belong." Jeri Martin played the processional music. LaDeana Branstetter accompanied Shelly Smith in her song.

The Annual Staff decided to give Mr. Parham something to worry about concerning the backdrop. Some of the tissue paper didn't arrive in time, therefore, it wasn't finished Friday morning. We had to make do with Kleenex. It worked well and turned out spectacular along with the rest of the coronation!

Miss Arnett

Above: Gordon Stevens and Shane Hicks

Friday night, September 23, 1983 the second annual Miss Arnett Pageant was held. Shane Hicks, 17-year-old daughter of Mrs. Doris Hicks, sang "Andante" as her talent presentation. Jamie Martin, 17-year-old daughter of Mr. and Mrs. Walter Martin, sang "The Little Blue Man." After the evening gown competition, Jamie Martin was announced as runner-up. Shane Hicks was then crowned Miss Arnett by Mr. AHS, Gordon Stevens, 17-year-old son of Mr. and Mrs. Richard Stevens. Jamie represented Arnett in the Miss Aggie Princess Contest in Goodwell.

Shane represented Arnett in the Miss Cinderella Pageant at Alva on October 20 to 22, where she competed in talent competition and evening gown competition.

Hold On to the Moment

Single file yet together,
We have shared our greatest days.
And we carry common memories.
In different ways.
Though we don't know where we're going,

We cherish where we've been.

I want to cry.
I want to shout . . .
Want to let this feeling out.

Hold on to the moment.
Let the feelings show.
Hold on to the moment.
Never let it go.

I can picture us together
With my arms around my friends.
Just let me hold on to this moment,
Before it ends.
There was laughter. There were tears,

Through the dozen golden years.

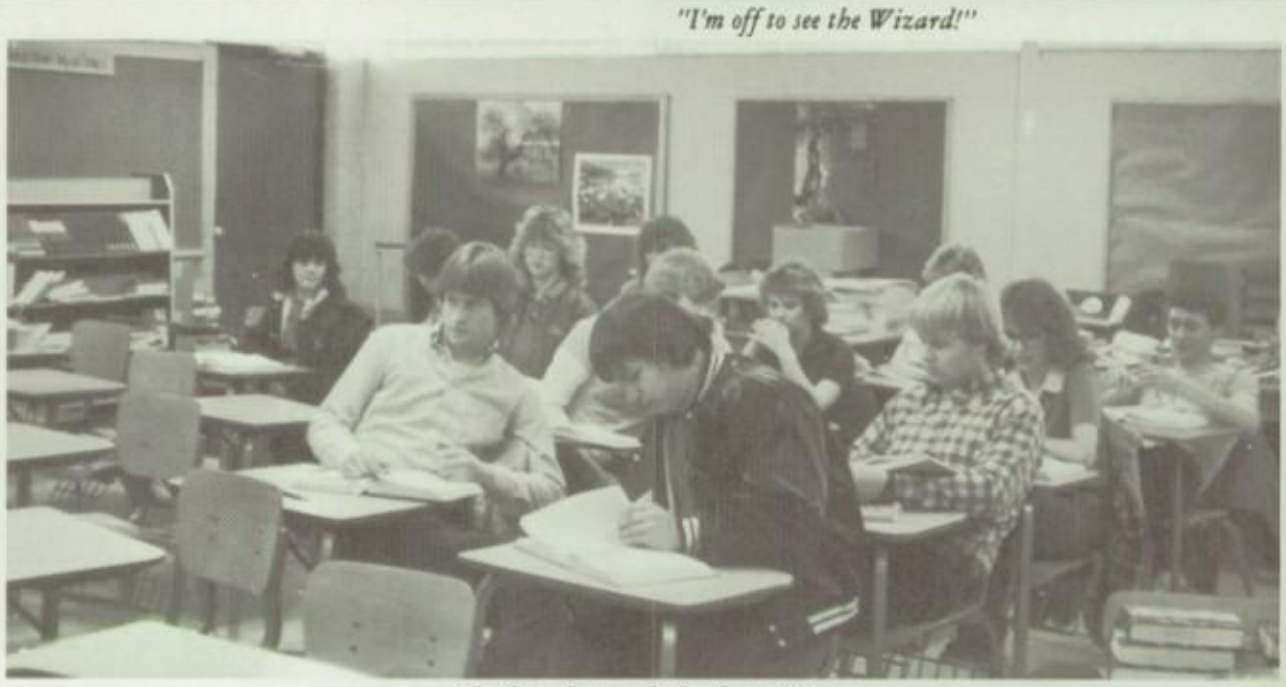
"What am I doing?!!"

"I'm off to see the Wizard!"

The small but mighty senior class of 1984 has grown closer since our freshman graduation. The past three years have prepared us for future education and life. We will miss Arnett High School, but we are all looking forward to going on with our own lives. Soon we will go our separate ways, but we'll always remember the fun we had as the Class of '84.



The few, the proud, the class of '84.

Waiting for the bell!

SYNOPSIS

When a fast train is derailed and the passengers come inside to wait for a relief train, a strange conglomerate of people are thrown together. The crowd is thrown into pandemonium when Mrs. Vanderventer discovers that her $10,000 string of pearls is missing. Someone in the waiting room has them, but who? Miss Pidgie with her natural tendency for sleuthing looks for them and finally locates them in the most unexpected place . . . the lunch basket of Mrs. Guarino, who is thus put in a very bad spot. In spite of the evidence against her, Bill Lindsay, the prospective lawyer, is convinced she is innocent. He announces he is going to hold a preliminary trial and appoints a judge, jury, etc. He himself will defend Mrs. Guarino. In a very clever way he clears her and exposes the guilty party. Miss Pidgie puts over a smart trick and finds out what is in the mysterious suitcase of Mr. Pozenby . . . much to her regret (white mice). Just as the passengers resign themselves to spending the night in the train station, Silas runs in and announces that the relief train is on its way.

"Who's Mummy Are You."

Excedrin Headaches #323 and #324.

The Junior Class play named "Who's Mummy Are You" is a suspense-comedy. Omar and his young friends are fascinated by a mummy and they read aloud an incantation found on his body. The mummy, Teppi, comes to life — a friendly, humorous Egyptian teenager who died thousands of years ago. Another mummy comes to life, however. He is evil, angry, and totally unlike Teppi. Terror and suspense blend with laughter as one hectic episode precipitates another.

The Story

In an accident Santa Claus is left in a big snowdrift in the Swiss Alps. When Santa is found, Max Schmidt and his gnomes bring him to the Mountain Chalet, where he is fed and made comfortable. He looks very ragged as the result of his tumble from the sleigh, and his beard and hair are caked with ice and dirt, so Max and the gnomes decide to clean the poor fellow up. They give him a sleeping pill, and while it is working, they cut his hair and shave him. When Santa wakes up, and sees what they have done he is furious.

Max calls in the toys, soldiers, dolls, puppies, etc. and shows them to Santa to keep him occupied until someone goes down to the village to secure medical help for the old man, who seems queer in the head to them, (because they don't believe he is really Santa).

When the effect of the pill is worn off, Santa awakens, and decides to whistle for the reindeer. When they come to him, Max and the gnomes realize that this really is Santa, and they are sorry they cut his hair and beard.

Seniors Travel to Mexico

On May 20th the seniors of '84 traveled by bus to Oklahoma City. There they boarded a plane and flew to Los Angeles. After they arrived in Los Angeles, they went to tour Universal Studios. On Monday they boarded the ship and were on their way to Mexico. One of the best things on the ship was the food. It was great! Mr. McDaniel won a trophy in a trap shoot while we were on the ship. They stopped in San Diego on Tuesday and arrived in Mexico on Wednesday. The seniors and their sponsers spent most of Wednesday in Mexico. While they were in Mexico they spent most of their time shopping and sightseeing. On Thursday they headed back for Los Angeles. The seniors returned to Arnett on May 26th. The trip was fun and exciting and all of the seniors of '84 will remember the great fun they had together.

The S.S. Azure Seas was the Seniors' cruise ship.

High School Action

The juniors and sophomores have been very busy this year. The juniors have been busy with different fund raisers this year. They sold concessions at the basketball games the second semester. They also sold firewood. Betty Woods made one of her dolls and let the junior class raffle it off. The juniors made enough money to give the seniors one of the best proms ever.

The sophomores are just getting started. Some of them served at the prom and did an excellent job. They are looking forward to next year and all the responsibility that comes with being a junior.

This year's twenty-eight sixth graders have excelled in many areas. They have been active in athletics by participating in basketball, track, swimming, and cheerleading. Other interests have included band and music through which they enjoyed a successful trip to the Seiling Festival, and 4-H through which various ones were active in showing livestock and developing individual projects. The Sixth grade has enjoyed a busy and challenging final year in grade school.

Oh, what a year! What an agog group of students! Our learning this year ranged from the ordinary to the whimsical. Fifth graders enjoyed band and basketball involvement for the first time. The class also enjoyed taking turns reading stories to the Kindergarten class, participating in 4-H, and challenging each other in the Spelling Bee and other contests. They were nourished with a drug awareness unit provided by Nancy Reagan through the Department of Education. This gave the class a chance to write letters to the White House. A special Ecology unit furnished by the American Woodsmen of America enriched our classroom and provided marigold seeds to beautify the playground (and give the younger kids something else to stay out of). This has been a fruitful year, one that will be remembered.

August 18 brought to the fourth grade door,
Twenty-four boys and girls.
Eager and ready to learn still more,
Along the fourth grade trails.

Other interests, as the year went along,
Took seven of our classmates to other places.
Now, when we sing our song,
We have left in our room seventeen faces.

Though the year comes to an end,
We accomplished our goals set forth,
With laughs, tears, and "doing over" to get it right
This then, is the story of the fourth . . .

WOW! We had a great year!! We will remember this year for we memorized the first 10 lines of the Gettysburg Address and the poem titled: **The Months.** *In addition to completing the Third Grade curriculum, we learned how to spell and locate the 50 state names.*

Mrs. B. Dowler had a great and very talented group! Don't you agree?

This eager, enthusiastic group of second graders made up of 5 girls and 12 boys had an outstanding school year. With just the right combination of work and play, they learned many new skills and concepts. They now have confidence to know that if they put forth their best efforts, they can look forward to enjoying many more successes in the school years that are to follow.

The Kindergarten class of 1983-84 has been more of a mixture than any other class at Arnett. This is true in two areas; first when we enrolled there were ten states represented on birth certificates and secondly at the end of this school year, only one-half are six years old and the other half will turn six in June or July, this making an overall very young class.

We have had fun in our learning of the Alpha letters and numbers. Our school parties, mixed with our Halloween, Christmas, and End of School programs, have made this an enjoyable year. We cooked macaroni, doughnuts, made snow icecream, and butter, this too made all-day school a bit more enjoyable. With the joy came some sadness — we lost our classmate Jason Gaylor in open heart surgery. We hope through all the above experiences we have grown and learned and will make super first-graders.

The teachers have had a wonderful year. And since these teachers are very much a part of our lives we think that you should know more about them.

All but one of our teachers received their degrees in Oklahoma. 15 of the teachers hold masters degrees in their fields.

Our teachers range in height from 6'3" to 5'1" (with shoes on). We have 153 feet 2 inches of teachers. This gives them an average height of 5'8".

Toward the end of the year, the administration was reorganized. Mr. Stevens became jr. high and high school principal. Mr. Knowles became elementary principal. Mr. Melton went back to the classroom.

High School Honors

The State Honor Roll is limited to the top ten percent of the students in high school with the highest grade point average.

The Superintendent's Honor Roll consists of those students who had a 4.0 grade average the first semester.

Students who had a 3.0 average or above, with no grade lower than a C, make up the Principal's Honor Roll.

D.A.R. Award; Boys' and Girls' State

D.A.R.

Good Citizen Winner Brad Harrelson, son of Mr. and Mrs. Don Harrelson was one of five area winners on the 1984 D.A.R. Good Citizenship awards.

Selections are made by high school student bodies, teachers, and superintendents. Letters of recommendation by a community leader and a questionnaire on historical American facts are also judged by a district D.A.R. Good Citizen's committee. Essay topics for the group are "Our American Heritage and Our Responsibility to Preserve It."

The Winners were guests of honor at a D.A.R. Guest Day Colonial Tea, February 20 at the Christian Church in Woodward.

Boys'/Girls' State

During Boys' and Girls' State, Tom, Todd, and Patsy had a chance to meet many new people from all over the state.

While they were at state, they had a chance to learn how the Oklahoma government was set up and run. They took part in electing officials and participating in legislative action. They also did some sightseeing and received college credit when tested over the week's activities.

This year's school newspaper was the ***Golden Paw Print.*** *The staff was made up of all the annual students. We published a paper every month. It consisted of students' and teachers' contributions. We also found out that we had a special friend roaming around the school halls — Bernie the Hall Mouse. He would write to his sweetheart, Credence, about the happenings around the school rooms and halls and print the letters in the paper.*

The annual staff worked really hard at putting out the paper. Also, we had a lot of fun putting the articles together for the paper.

The younger generation — What is this world coming to??

Jason never died — Friday the 13th Part 5

My, how he's grown!!

This year's Crazy Day was not only crazy, but was visited by two top performers — Boy George and Michael Jackson. They made a real "hit" with the girls too. That morning, as Boy George danced up to the front door of the school, all of the girls gathered around him for autographs but soon realized that he was not Boy George, but our own Jason Bradshaw! Later, everyone turned to the door again to welcome Michael Jackson. But when one girl ran to hug and kiss him and found Cynamon Branstetter instead, she screamed. We all were then disappointed. There were a lot of other great and crazy costumes that made the day, but I think the teachers got the most out of it by getting to wear their T-shirts and jeans. The junior high classes that had the greatest participation were the seventh grade and eighth grade (pictured above). The high school winner was the sophomore class (pictured on right). Individual winners were Tedisue Suthers (1st High School winner); Casey Branstetter (2nd High School winner); Greg Bayless and Rhonda Cross (1st Junior High winners); and Jason Bradshaw (2nd Junior High winner.)

Don't let them fool you — they always dress like this.

Which way did it go?

The high school girls worked very hard this year to achieve the goals they set for themselves. They had after-school practices and practiced on their own. Their hard work paid off in the District Tournament. The girls were District Champs for the first time in a long time. They met Taloga, for the third time of the season, in the first round of Regional play-offs. They defeated them 49-48. They were Regional Runner-up to Felt. They defeated Eldorado in the first game of Area, but were beaten by Carter. That loss ended their big dream and goal to get to the State Tournament, but they were still proud to go as far as they went.

Both the Junior High and the High School cheerleaders were busy this year. Each had a total of at least twenty games to cheer at.

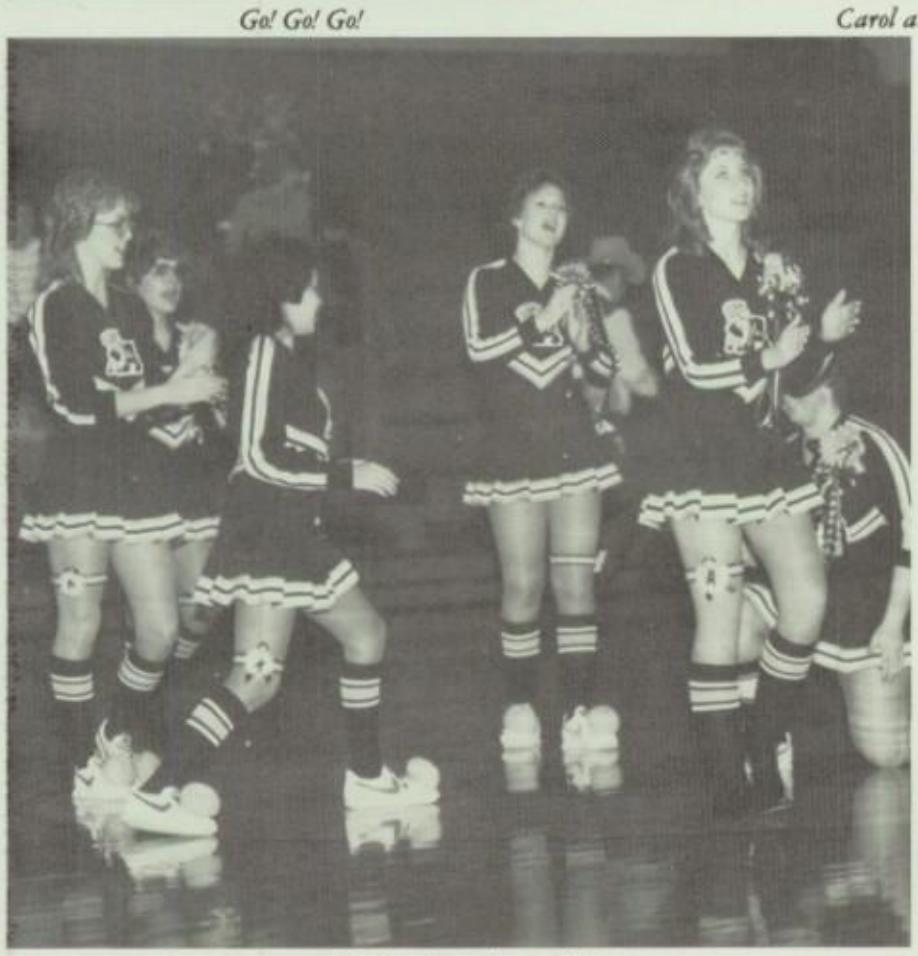
The Junior High cheerleaders were Amanda Sherrill, freshmen; Amy Hicks, freshmen; Stephanie Barnard, freshmen; Stacy Habekott, freshmen; and Dana Roper, eighth.

The High School cheerleaders were Sally Barnett, junior; Gena Woods, junior; Brenda Peacock, junior; Kris Hicks, junior; and Shelly Smith, sophomore. Earlier in the year, Carol Reeves was the mascot. Later, when she had to quit, Penny Hicks became the mascot for the team.

The High School cheerleaders participated in the World Cheerleading Council camp at Southwestern Oklahoma State University in Weatherford.

At the camp at Southwestern, our squad won three ribbons. At the first competition, we won an outstanding, which was the next to the lowest award given. At the second competition, we won a red ribbon which was the excellent award. We had won the next to the highest award. Finally, on the last day, we won the highest award, the SUPERIOR!!!

The High School cheerleaders also won second in the First Annual Cheerleading Competition during the Arnett Invitational tournament.



Get into formation, girls!

The high school cheerleaders in action.

Elementary Cheerleaders

First Row, L-R: *Sharla Maston, Shala New and Ruth Ann Nichols.* **Second Row:** *Shala Boyd, Kristy Branstetter, Tammy Hunter and Julie Wilson.*

Most of the fifth grade and sixth grade girls tried out for cheerleader. They picked four from the sixth grade and two from the fifth grade. The judges were Mr. Stevens, Miss Bogle and Mrs. McDaniel. They just have a couple of practices during the basketball season. Each year the girls decide on their own suits. They all really enjoy the experience of cheerleading.

Boy, are we enthusiastic!!

Look everybody! Shala has a new cheer!!

High School Jazz Band

First Row (L-R): Kevin Knowles, Beverly McGuire, Teresa Branstetter, Jamie Martin, Donna Satterwhite, Rhonda Turner, and Jeri Martin. Second Row: Brent Dearing, Craig Branstetter, Michael Boyd, Jyl Martin, Casey Branstetter, Gena Woods, LaDeana Branstetter, and Mr. Jim Parham.

While Mr. Parham naps following the tiring State Competition, the band members display their usual good behavior.

For the first time in many years Arnett High School had a Jazz Band. The students met voluntarily one night each week for a 1½ hour rehearsal. The band also had many extra rehearsals before contest. Although the Jazz Band program had just begun this year, the band went to state contest at Central State University in Edmond. The band received scores of 66, 63, and 60 in the numerical rating system. This translates into a Division III rating. This rating was improved to a II rating at Tri-State with the hard work and extra time put in by the students. The Jazz Band had a successful first year and through dedication and cooperation will have many more in the future.

ARNETT 4-H CLUBS

The Arnett 4-H Clubs held workshops in clothing, foods, meat science, public speaking, arts and crafts, record books, livestock showing, electricity, judging, and food preservation. They started a photography club and horticulture club this year. Teen leaders for the photography club were Brenda Carbonell and Tammy Pascher. The teen leader for the horticulture club was Dana Roper. Some 4-H club members also belonged to the Horse Club. William Bowman and John Miller were the teen leaders for the Horse Club. Tracy Gillis was the teen leader in public speaking, leadership, and arts and crafts. Beverly McGuire was teen leader for citizenship and food preservation. Beverly McGuire and Tracy Gillis were representatives at the Northwest District Leadership Conference, were representatives at the American Royal, and were nominees for the Key Club. A weekly radio school news program and a monthly 4-H program were presented over KSIW and Tracy Gillis and Beverly McGuire were teen leaders for this, also.

Gayla Bowman won a Singer sewing machine at the District Make-It-Yourself-With-Wool contest as overall winner in the pre-teen division.

The clubs participated in the county and state fair, the local and county Share-The-Fun, Dress Review, Appropriate Dress, Food and Fiber Show, County Speech, and Demonstration Contest, and many other contests.

Club members also participated in meats, foods, livestock and horse judging competitions. Top winners in horse judging were Tammy Hunter and Gayla Bowman.

Tracy Gillis was the county reporter and Beverly McGuire was the game leader for the county.

This year the band has participated in many different and exciting activities. We have marched in lots of parades and have particpated in many concert contests. The band placed 5th out of 15 at the State Fair Parade and won 1st at Southwestern's Homecoming Parade. The Concert Band received Superior ratings in both concert and sightreading at District Contest in Weatherford for the 4th year in a row. The band also made a record that we hope will be a best seller.

We have many musically talented young people in our school. They have much dedication and they put in a lot of extra time and effort for their solos and ensembles. Each year there are many students who play or sing their solos and ensembles. We must acknowledge our accompanists too, because if it wasn't for them, we wouldn't be able to have any vocal or instrumental solos. Our accompanists for this year were: Betty Woods, Ginger Hennigh, Cindy Hull and Leatha Thimling.

Coming to an End

As the days began to pass quickly, everyone got busy with the year-end celebrations. There were the awards banquets, and prom. The theme was "We've Got Tonight." It was a beautiful evening filled with people living it up to the moment.

As the days shortened so did the patience of everyone. Teachers were hustling to teach those last few lessons, the younger students had itchy feet to start going to the lake and sleeping late! And last but not least the seniors, looking forward to graduation, yet foreboding their decision of future plans.

Graduation was a night that will forever be remembered in the hearts and minds of thirteen young adults. Each one held his head high as he received his diploma, yet ached in his heart for the thought of being unable to share things as a class.

As young adults, we become the links in keeping alive our precious freedoms. Each generation must be dedicated and consecrated anew. Fortify ourselves with enthusiasm and confidence, for only the persistent reach their goals.

The Community . . .

It was the Community who gave us the support to build and produce this yearbook. We thank you.

In Memory of

Jason Glenn Gaylor

January 14, 1978 — February 14, 1984

The sun shines — The tree flourishes, just as God's love shines, And we flourish. But — as the sun's warmth passes away into autumn, the tree fades into slumber — so must we. How wonderful though, when spring comes — life comes to the tree again. God's love shines and — Unto everlasting life we pass. The trees and God's children — All born again.

Jason was in the kindergarten class six months before his death, but in those six months he made an impression upon his fellow classmates that will not soon be forgotten.

Dedicated to

Mrs. Blondell Huffman

Mrs. Huffman is an outstanding educator. She has taught school for several years, but not long enough to retire. Mrs. Huffman is exceptional in her teaching because she continues to add to her own knowledge and relates current developments to her students. And most important she makes them respect her and the lessons she teaches. Her overwhelming concern for the students of any school especially Arnett students is genuinely touching and unique. Mrs. Huffman has every trait and the background of an exceptionally talented educator.

Mr. Larry Ellison

Mr. Ellison has been involved in teaching and with education for almost 30 years. He served as teacher and principal in Portales, New Mexico; and served as superintendent in Reed and Carter, Oklahoma before coming to Arnett in 1975. In his 9 years in Arnett Mr. Ellison has helped promote education in many ways. A few of the projects which Mr. Ellison helped to accomplish were the building of an excellent Physical Education and Gym Building; renovating the old gym into Vo-Ag classrooms, a shop, and Vocational-Technical auto mechanics site; organizing the Ellis County Vo-Tech classes (Carpentry, Auto mechanics, and Nursing); and keeping our school running in top form despite loss of revenue and threats of funding changes from our state legislature. The annual staff hopes through this dedication to recognize Mr. Ellison for his devotion to education in Arnett for the last 9 years.
